To create a video:

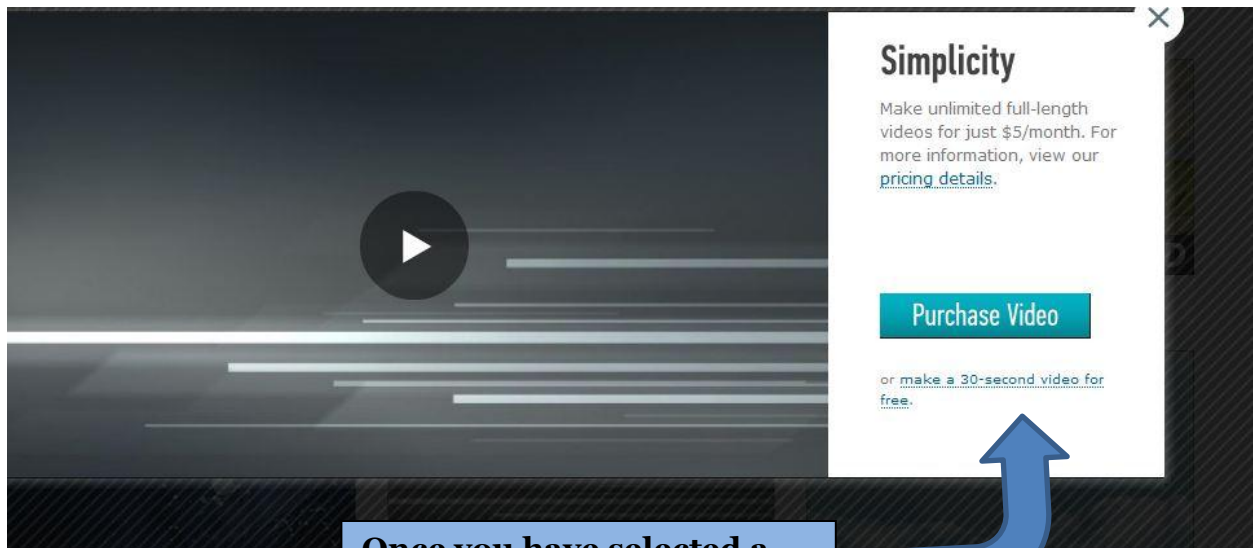

Choose a video style.
Notice the HD in the right corner; those are for paid customers only. You must choose one without the HD

Choose Your Video Style All Styles skip this step →

This will determine the look and feel of your video.

 The Animoto Original HD	 Vintage Voyage HD	 Watercolor Seashore HD
 Water	 Simplicity	 Air

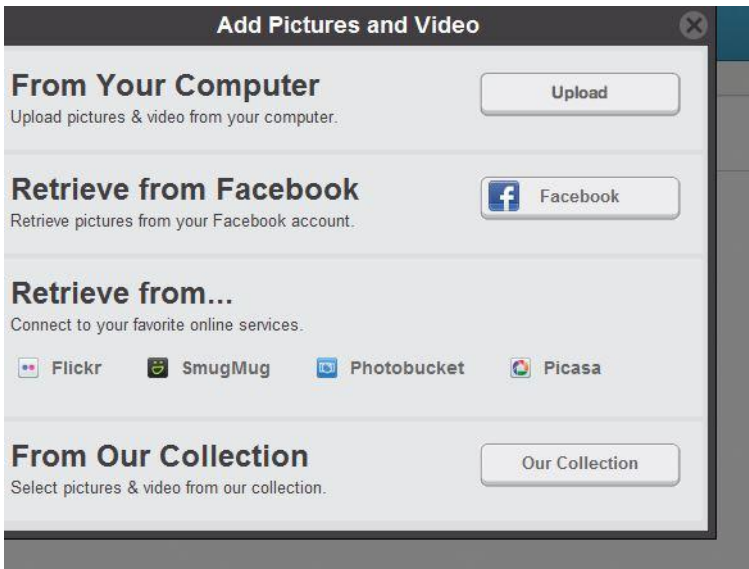

Once you have selected a style, you will see this white box. You *don't* have to purchase, just click the small blue print that says "make a 30-second video for free"

You will need to add pics/video and music. Text is an option. Just click the one you want to add

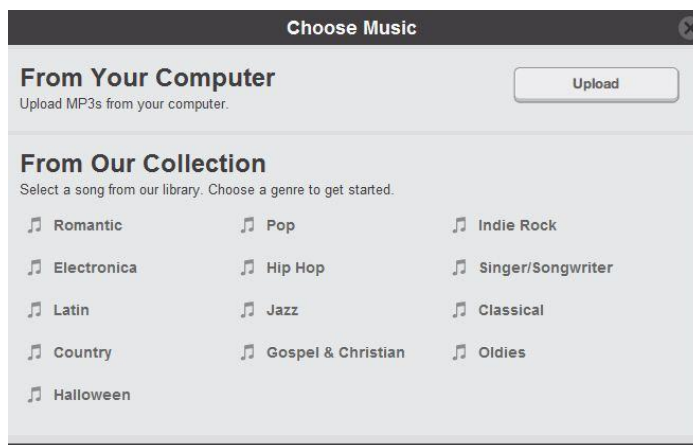

Notice the 30 second video uses only 12 images

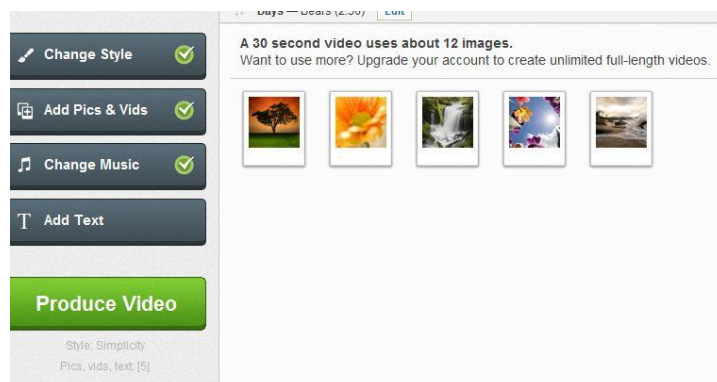

To add pics or videos, you have the following options: uploading from your computer, from facebook, from other pic sites or use Animoto's collection

For music, you can choose your own collection (make sure it is MP3) or Animoto's collection

Once you have added your pics/video and music, click "produce video"

You will see this information. You can wait for Animoto to create your video or you can close the site. Animoto will email you when the video is ready.
